**You Get Clean,
Non-Polluting,
Quiet Operation
PLUS Easy
Maintenance!**

- Big 38-in. width-of-cut
- Automatic-drive, variable-speed transmission (N-R)—goes from 0 to 6.5 MPH
- 6 height-of-cut positions from $\frac{1}{4}$ " to $3\frac{1}{2}$ "
- Recharges overnight

J JCPenney All-Battery-Powered Electric Rider Mower gives you all the power you need to mow an average-size lawn and pull accessories, too! And it's clean-running! No air pollution from emissions, because both blade and wheel motors are electric-powered by three 12-volt batteries. No gas engine adjustments necessary. Motors are pre-sealed. Easy recharge with on-board, plug-in system. Operating energy restored overnight—just plug into 110-volt, AC outlet. Automatic timer maintains batteries at full charge. Variable-speed transmission with differential—specific speeds can be locked in by hand lever. Ammeter. Controls on dashboard. Stamped-steel, floating deck with suction-lift design helps lift grass for cutting. Twin-steel blades. Grass catcher not included—order kit [I] on p. 698. Steel with silver-gray baked-on enamel. Pneumatic tires: 13x5", front; 18x8.5" rear. Guaranteed—see guarantee on page 698.

A 931-2745 A—Shpg. wt. 475 lbs.* **\$829.99**
