Dear Sir:

As you have probably been notified by the General Electric Company, we have been set up as an authorized ELEC-TRAK Parts Distributor.

We are located in New Castle, Pennsylvania, which is centrally located in the Tri-State area, approximately 50 miles north of Pittsburgh, 80 miles south of Erie, and 20 miles east of Youngstown.

At this time we have received our complete parts supply from General Electric and have our Inventory Control System ready to go.

Any orders received by 2:30 will be shipped the same day U.P.S. Upon receipt of your first order you will receive order forms (no cost to you) that will simplify ordering and control of your order.

Our terms will be 2% 10 days, net 30.

We are anxious to serve you and extend an invitation to visit us any time you are in the area.
