

**AUTHORIZED
SERVICE STATIONS**

For The
36 Volt DC
Electric Chain Saw

The merchandise you have purchased from us has been carefully engineered and manufactured under ridged quality standards to give you dependable operation. However, like any mechanical devise, it will require periodic adjustments or maintenance.

When this service is required, contact your nearest Authorized Service Station or Service Central as listed on the following pages.

These authorized service facilities provide YOU with trained service technicians who have successfully completed a training course and maintain factory standards of operation.

For prompt, efficient service, contact your closest service facility.

The "Service Centrals", printed in bold type, are completely stocked with parts for fast, efficient repair.
