April 3, 1974

TO: ALL OPEO DEALERS
ALL OPEO SALESMEN

We have just received information from E-Z Rake that their new price list, effective January 1, 1974, for the E-Z Rake model 40E Vacuum has increased to \$362.00. The list price of the model #20 Metal Cart Extension is now \$76.00.

Both the vacuum units and extension with cover are reported to be in stock and available for immediate shipment from E-Z Rake. All orders should be made as early as possible and directly to E-Z Rake to insure availability for the fall season.

Very truly yours,

J. W. Stackhouse
