April 5, 1973

TO: HOLDER OF ELEC-TRAK PRODUCT SERVICE MANUALS AND PARTS
CATALOGS

SUBJECT: Revision of Product Service Manual, GEZ-5021, and
Parts Catalog, GEF-4374

The attached material updates your Elec-Trak Product Service Manual to cover Mower Motor Repairs, and your Parts Catalog to cover all current Elec-Trak tractors and accessories.

Please update your copies of the Product Service Manual as follows:

- Remove all material currently under tab 6, Attachments in your book.
- Discard all these sheets with the exception of Fig. 6-1, 26AA42 Mower Wiring.
- Insert pages 7-1 through 7-5 furnished with this mailing followed by Fig. 6-1 (saved in the step above) under tab 7, Accessories.
- Remove and discard all material currently under tab 8, Master Parts List (GEF-4374A). Replace it with the revised Parts Catalog, GEF-4374C, which includes the latest price list, furnished with this mailing.

Your Product Service Manual and Parts Catalog should now be up to date. If you have any questions, please let us know.

Sincerely yours,

William A. Podoba
