April 14, 1972

WE HAVE WINNERS - MARCH "BEST BUY" TOP TEN!!

The (mostly) smiling faces in the picture are those of our first Best Buy "top ten" winners being congratulated by Bruce Laumeister, Manager-OPEO.

Especially outstanding performances by Larry St. John and Bob Hemingway (at Bruce's left) have automatically put them in the winner's circle entitling them to draw in October for one of the fourteen major items on the grand award prize list. Both of these men made exceptional contributions during small frame tractor start-up: Bob in establishing and maintaining inspection and other quality programs; Larry in setting up, debugging, and repairing dies that were critical to production of small frame tractors. Bob and Larry and their wives will also be going out to dinner soon - on OPEO - and we hope they will have a most enjoyable evening.

The others in the picture right to left are: Maria Politi, Al Stankes, Dave McKone, Harry Yurgans, Jean Kristie, Bob Tollner and Bruce Hamilton. (Unfortunately, Shirley Fedaszczyn could not be present for the brief ceremony and is missing from the picture.)

All of these people justly deserve recognition and special thanks both from their supervisors and their fellow employees. We hope they will enjoy their awards and that the "lucky six" will make good use of their special parking privileges for the remainder of this period (that is, through May 14).

Don't forget the attendance lottery - just be here every day, and on time - to earn your chances (one each week) for the monthly prize. Drawing will be held Wednesday, May 3.

Keep pitching and watch for your name!

OPERATION "CREEP"

There is a strong rumor circulating that a possible extra terrestrial force is descending upon us by the name of Operation "Creep". Little information is available so far, but hints of strange new counter attack teams with names like Bean Blasters, Hot Liners, Time busters, Water Walkers and Bandit Builders are circulating throughout OPEO. While little factual information seems to be available on this new phenomenon, rumor has it that a select crew of "volunteers" will meet on Monday afternoon to plan a do or die mission to control this threatening new force.

The (mostly) smiling faces in the picture are those of our first Best Buy "top ten" winners being congratulated by Bruce Lawmeister, Manager-OPEO.

Especially outstanding performances by Larry St. John and Bob Hennigway (at Bruce's left) have automatically put them in the winner's circle entitling them to draw in October for one of the fourteen major items on the grand award prize list. Both of these men made exceptional contributions during small frame tractor start-up; Bob in establishing and maintaining inspection and other quality programs; Larry in setting up, debugging, and repairing dies that were critical to production of small frame tractors. Bob and Larry and their wives will also be going out to dinner soon - on OPEO - and we hope they will have a most enjoyable evening.

The others in the picture right to left are: Maria Poth, Al Stankos, Dave McKone, Harry Yorgans, Jean Kristie, Bob Tollner and Bruce Hamilton. (Unfortunately, Shirley Edsarsky could not be present for the prize ceremony and is missing from the picture.)

All of these people justly deserve recognition and special thanks both from their supervisors and their fellow employees. We hope they will enjoy their awards and that the "lucky six" will make good use of their special parking privileges for the remainder of this period (that is, through May 14).

Don't forget the attendance lottery - just be here every day, and on time - to earn your chances (one each week) for the monthly prize. Drawing will be held Wednesday, May 3.

Keep pitching and watch for your name!
