ANTOINETTE CAPUTO WINS TRIP TO ARUBA!!

Grand prize winner in the OPEO Best Buy Program is Antoinette Caputo whose name was drawn from 14 entries representing the Top Two winners for each of the past seven months. She and her husband Donald, also a GE employee at the main plant, are making preparations for their six-day and five-night trip to the island of Aruba in the Carribean.

Harold Williamson, second prize winner, was presented with an E8 Elec-Trak garden tractor. The other 12 winners won either an electric snowblower or an electric lawnmower.

Our heartiest congratulations go to all the Best Buy winners who, by their extra efforts, have earned this special recognition!

The following photos show Bruce Laumeister with each of the winners. Missing from the photos is Maurey Bittle who won a snowblower.
