OCTOBER BEST BUY TOP TEN WINNERS

Exceptionally good performance resulting from extra effort has earned special recognition for more OPEO employees under our Top Ten Best Buy Program.

Bruce Laumeister congratulated the winners and presented token awards last week. Winners are from left standing: Dwight Smarup, Mark Hughes, Ralph Pasquarella, Ben Nicosia, Ray Beattie and Al Spitzer. Seated from left are: Laurie Richardson, Mr. Laumeister and Nancy Tomlinson. Missing from photo are Dave Hunn and Eleanor Mancini.

Top Two awards for especially outstanding performance went to Nancy Tomlinson and Al Spitzer. Nancy won because of her exceptional contributions to an improved tool sign-out system and control of shop tools. Al earned his award for outstanding efforts and results in designing, developing and implementing I-5 press tooling within an extremely tight time schedule.

Both Nancy and Al are eligible for one of the big prizes to be selected at year end. Top prize is an E-10 Elec-Trak with plow and chains. Other prizes are electric snowblowers and lawnmowers.

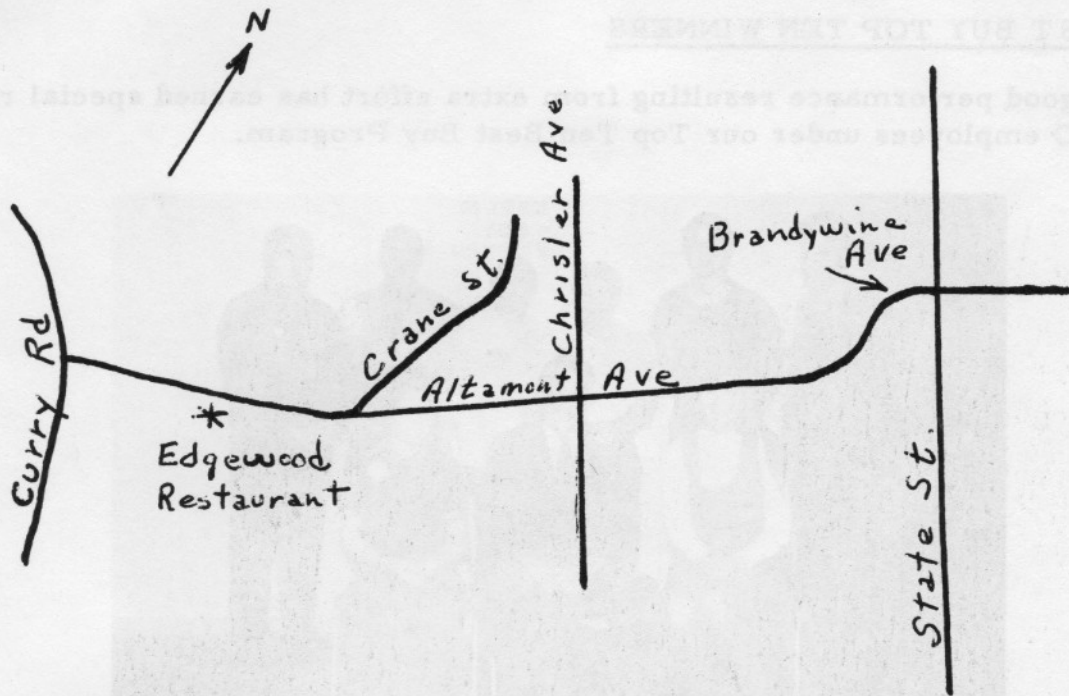

Special parking privileges were also awarded to Dave Hunn, Dwight Smarup, Ben Nicosia, Laurie Richardson, Nancy Tomlinson and Al Spitzer.

Congratulations to all the winners!

OPEO CHRISTMAS PARTY tomorrow night at the Edgewood Restaurant, 1828 Altamont Avenue promises to be a gala affair with almost 130 planning to attend. Many surprises await these lucky people. Rumor has it there will be a surprise visitor, not further identified. However, we have been told that this surprise visitor is not Santa or the Great Pumpkin.

The following map will help those who do not know the location of the Edgewood Restaurant.

OPEO IS SPONSORING A JUNIOR ACHIEVEMENT COMPANY, FABACADE.

This is a company made up of 15 high school teenagers, run by themselves, with several advisors. Its purpose is to educate these young people in the ways of corporate finance and management. Currently, Don Moquin, Bruce Hamilton and Bob Boleng are the advisors. Due to the relocation of a fourth advisor, there is need for a replacement. Anyone interested in working with these teenagers in an interesting program, please contact Arlene Bay in personnel. The group meets weekly for two hours on Wednesday evening and is currently manufacturing a Christmas centerpiece.

SAFETY OBSERVERS

Newly appointed Safety Observers for the month of December are listed below. Employees discovering safety hazard potentials should notify their area observer immediately. Observers will just as promptly deliver a written memo to Bill Kennedy, Supervisor of Facilities, for corrective action.

John Kovarovic	Bldg. 701	Machining	Foreman - Ralph Pasquarella
Paul Cotoia	Bldg. 701	Second Shift	" - Bob Seiler
Ted Sanges	Bldg. 702	Final Assembly	" - Howard Durst
Richard Tesiero	Bldg. 702	Paint Area	" - Howard Durst
Peter Rankin	Bldg. 702	Production Control	" - Bruce Gardner
Bill Slezak	Bldg. 702	Second Shift	" - Bob Seiler
