SUBJECT: PEERLESS TRANSAXLES

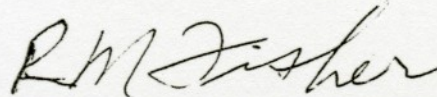

TO ALL DEALERS:

The Peerless (2318) transaxle used in the Elec-Trak models E-15 and E-12S carries the same GE warranty as the tractor. All major repair parts are carried in our stock in Schenectady but a recommended minimum parts inventory should be carried by each dealer outlet. (dealer cost approximately \$20)

Since many of you already are franchised Peerless service centers, you may not need these parts. Please note below if you are equipped to service Peerless axles and return this letter to me. The parts inventory will be shipped to all dealers not returning this form.

Very truly yours,

( ) No, I do not need to stock the Peerless 2318 Transaxle parts inventory since I am already a Peerless Franchised dealer.
