HEDGE and SHRUB TRIMMER MODEL TA-70

LANDSCAPE LIKE A PROFESSIONAL. SHEARS UP TO 3/8" BRANCHES WITH EASE!

- Features 15" double edge steel blades with reciprocating motion.
- Helper handle makes it easy to use in horizontal or vertical positions.
- Hedge and shrub trimmer head TH-70 fits standard or variable speed 1/3 hp GE power unit.

USE IT VERTICALLY

USE IT HORIZONTALLY

This TH-70 trimmer head is designed for use on either the GE TM-1 single speed or TM-2 speed control power unit. The 15" double-edged, hardened steel cutting blades mean fast, effective trimming of shrubs and hedges in either direction. The head contains a two-stage reduction gearing system designed to operate the cutting blades at 750 strokes per minute. The bale-type handle packed with each head provides professional balance and handling ease. The die-cast, aluminum housing contains permanently lubricated bearings and weighs only 2½ lbs.

SPECIFICATIONS:

Motor rated 3.0 amps, 120 volts, 60 Hz
AC only, length of cut 15", weight
5½ lbs. Listed industrially by
Underwriters' Laboratories, Inc.
