Wire Clip To Hold P.T.O. Cord
Assembly In Place

MACHINE AND MODEL

SUBJECT

Wire clip "A" (see photo) is used whenever an attachment using a 3-prong P.T.O. cord is required - mowers, rototiller, welder, etc.

Place wire clip around P.T.O. cord assembly and over the lip of the battery compartment, front or rear depending upon attachment.

This wire clip is not shown in the repair parts manual. When ordering this part, order Wire Clip - P.T.O. cord, Part No. 121062.
