ACCESSORIES

for

CC-500 CULTIVATOR

ASSEMBLY & OPERATING

INSTRUCTIONS

PARTS LIST

These accessories were developed to make the CC-500 Cultivator an even more versatile ground working tool. With these attachments, the CC-500 Cultivator can be used for:

1. Light grading and backfilling
2. Scarifying and grading
3. Seed bed preparation
4. Hilling and covering
5. Raking trash, rocks and other debris
