### SPEED RANGE:

Variable speed from ¼ mph to top speed with full automatic control.

### ACCESSORIES:

A wide variety of standard tractor accessories is available. All Elec-Trak attachments can be installed in minutes, removed in seconds. In addition, many 36 volt tools are available which simply plug into the Elec-Trak tractor for instant power.

### FEATURES:

- Single lever (E-12, E-15) or foot pedal (E-20) speed control for both forward and reverse.
- Driver seat safety interlock—removes power when driver leaves seat. No accidental restarting.
- Electrically braked mower blades stop within three seconds.
- Front mounted rear-discharge mower discharges underneath tractor, between wheels. Allows easier trimming under shrubs and easy blade resharpening.
- "Programmed" starting sequence reduces risk of rollover on hills if speed control lever or foot pedal suddenly pushed to maximum speed.
- Very low center of gravity.
- "Human engineered" driver seating, control accessibility.
- Full brake pressure disconnects electrical power.

### WARRANTY: (residential use)

In addition to a one year unconditional guarantee against defects on all tractor parts, the Elec-Trak features a five year battery guarantee. The battery is guaranteed unconditionally against defects for the first two years, with a pro rata charge during the last three years.
