

DISTRIBUTOR MASTER PARTS PRICE LIST

PARTS LOCATOR SYSTEM

This MASTER PARTS LIST locator has been organized to simplify finding the *price* of the part number you have previously identified from your Product Service Manual or other source. Here's how to do it:

1. Locate the product heading at the top of the page ("Tractor", "Mower", etc.).
2. To find the part number look first for the alphabetical letter (fourth character from the left for each number). Then search numerically. The letters are alphabetical and the numbers are in sequence.
3. With your number located, simply read prices from the columns to the right.
