G E ELEC-TRAK GARDEN TRACTORS

AE-08 with Mower

AE-10 with Mower

AE-12M with Mower

AE-12 with Canopy Top, Golf Bag Holder and Front Platform Lift.

AE-15 with Snow Thrower

AE-20 with Mower

Operation

- Instant Start
- Single Lever Speed Control
- Front Power Lift Standard
- Simple, Easily Learned Controls
- Smallest Turning Radius in Class
- Super Traction and Pulling Power
- Effortless, Quick Change Accessories

Safety

- Easy, Safer Refueling
- Low Center of Gravity, Balanced Weight Design
- Safety Interlocks for Operator Protection
 - Automatic Shut-off When Seat is Empty
 - Instant Stop Mower Blades (Less Than 3 Sec.)
 - Controlled Starting Power
 - Brake Pedal Also Shuts Off Motor

Comfort

- Fumeless, Non-Polluting
- Quiet
- Vibration Free
- Cool Operation

Front Mounted Mower

- No Belts, Pulleys or Gears
- Cuts Grass Before Tractor Rolls On It
- Visibility Improves Control, Allows More Cut Per Pass and Permits Close Trimming
- Easy Flip-Up to Clean and Sharpen Mower
- Easy On-Off, No Lifting or Pushing
- Complete Floating Action — Follows Ground Contour Independent Of Tractor

Mobile Power Center

- Plug-in Portable Tools
- Independently Powered "Plug-In" Attachments

G E ELEC-TRAK INDUSTRIAL COMMERCIAL TRACTOR

I-5 ELEC-TRAK INDUSTRIAL/COMMERCIAL TRACTOR

ALL FOR ONE — One I-5 Elec.Trak tractor is all that's needed to power this host of equipment, all of which attach or detaches simply and quickly. Less storage, less cost, less operator training, and more versatility for the small to medium-sized manufacturer or business is the strength of General Electric's I-5 Elec-Trak industrial tractor. In addition to pictured equipment, a complete line of grounds care equipment is available, including mowers, snow blades, snow thrower, vacuums, and 30 other attachments and hand tools.

An Elec-Trak with a variety of attachments for industrial and commercial applications where the regular Elec.Trak should not be used.

Carries the Factory Mutual "E" label and meets OSHA standards. Attachments available include:

- Fork Lifts
- Bucket Loader
- Plant Maintenance Carts
- Welder
- Sweeper

as well as the regular Elec-Trak attachments such as dozer blades, mowers, snow throwers, double seat, etc.

Write for complete information and prices on the Elec-Trak Industrial/Commercial Tractor.

LINDSAY BROS. CO.

G E ELEC-TRAK ATTACHMENTS

ROTARY MOWER AA42

- Fits E20, E15, and E12
- Front-mounted for trimming under and around bushes, trees, etc. Cuts the grass before the tractor rolls over it, greater visibility allows more cutting on every pass
- Mowers are available with either side discharge — **AA42S** — (best for less frequent mowing without grass pickup) or rear discharge — **AA42R** — between wheels under tractor (safest and facilitates grass or leaf pickup with sweeper or vacuum). Both have full rear roller
- 3 blades on 3 motors provide large 42" cutting width
- Mower can be flipped up for simple cleaning and easy blade changing or sharpening
- Blades stop in less than 3 seconds when operator leaves seat, switches PTO off, or turns off key

42" MID-MOUNTED MOWER AH42

- Fits E12M
- Floats over the contour of the land without scalping
- Choice of rear discharge — **AH42R** — (safest and facilitates grass or leaf pickup with sweeper or vacuum) or side discharge — **AH42S** — (best for less frequent mowing without grass pickup. Full rear roller
- Easy to put on and take off tractor
- Cutting height controlled by fast-acting lever lift from operator's seat
- 3 blades on 3 motors provide large 42" cutting width
- Blades stop in less than 3 seconds when operator leaves seat, switches PTO off, or turns off key

36" MID-MOUNTED MOWER AH36

- Fits E10M and E8M
- 2 blades on 2 motors provide 36" cutting width
- Independent ground-following suspension — 4 parallel arms attach to tractor, 3 front skids for anti-scalp protection
- Side discharge
- Blades stop in less than 3 seconds when operator leaves seat, switches mower off, or turns off key
- Cutting height controlled by fast-acting lever lift from operator's seat
- Quick-pins permit easy on and off tractor

LINDSAY BROS. CO.

G E ELEC-TRAK GARDEN TRACTORS

FRONT-MOUNTED GANG MOWER AR56

- Fits E20, E15, E12
- 3-gang reel mower (2 in front, 1 in rear) cuts 56" width
- Trims under objects, lets operator see where he is cutting
- Easily adjusts from 5/8" to 2-1/8"
- 5 sturdy high-carbon spring steel blades per reel
- Easy-adjust bedknife. No-rust screws
- Wide, semi-pneumatic tires flex evenly to reduce turf damage
- Electric front lift used to raise front mowers

GANG MOWER AR57

- E20, E15, E12, E12M, E10M
- 3-gang reel mower cuts 57" width
- Easily adjustable from 1/2" to 2-1/2" cutting height
- 6 tempered blades and heat-treated bedknife
- Universal hitches allow attachment of up to 5-gang reel

WALK-BEHIND POWER MOWER PM32

- Top quality 110-volt unit plugs into standard home outlet
- 18" cut with a high-vacuum-lift blade
- Blade/motor impact protection with mechanical slip clutch
- Powerful 10-amp motor with proven reliability
- Reduction gearing for high torque
- Swingover chrome handle is safe, lockable
- 7 instant cutting height adjustments
- Excellent grass dispersion or filling of catcher
- Deluxe, large 7" wheels for easy roll
- Recessed start/stop switch
- Safe front and rear foot guard
- Strong steel housing
- U.L. approved
- Requires **PM10** 100' AC cord with ground
- **PM15** heavy-duty grass catcher optional (shown)

TRACTOR COVER AP80

- Fits all models
- Made of strong, durable, black, vinyl-coated nylon
- Designed for temperatures to -40°F
- Has air vents for good air circulation
- Easily mounted on tractor or mower with an elastic shock cord hem and belly band

MOWER COVER AP81

- For front mounted mowers
- Easily mounted on tractor or mower with an elastic shock cord hem and elastic tie band to secure together under tractor

G E ELEC-TRAK ACCESSORIES

42" SNOW THROWER AD42

- Fits E20, E15, E12
- Instant on. Safety interlock with tractor seat switch
- Direct chain-drive from its own high torque motor, independent of tractor speed
- Discharge chute rotates 270° from tractor seat
- Adjustable skid shoes
- Raise or lower electrically with standard tractor lift
- Includes **AP85** weight box
- Requires **AP56** for E20, E15, E12

38" SNOW THROWER AD38

- Fits E10M, E8HM, E12M
- Complete with lift adapter and **AP86** weight box
- Requires **AP54** implement mounting bracket for E8, E10
- Requires **KD10** PTO kit on E8, E10
- Requires **AP55** brkt for E12M

48" SNOW/DOZER BLADE AB48

- Fits E20, E15, E12, E12M
- Large 48" blade width
- Angle adjustment control from driver's seat
- Height of blade controlled by standard electric tractor lift (quick-lever lift on E12M)
- Replaceable wear blade is adjustable to vary blade attack
- Blade trip springs protect against damage on impact
- High traction/torque of ELEC-TRAK tractor makes dozing heavy loads easy
- Requires **KB48** adapter kit and **AP55** for E12M
- Requires **KB84** adapter kit and **AP56** for E20, E15, E12
- **AB42** 42" Snow/Dozer Blade fits E10M, E8M. Requires **AP54** front implement mounting bracket. (AB42 includes remote angling handle and lift adapter)

48" V-PLOW BV48

- Fits E20, E15, E12
- Clears a 48" path through snow
- 18" high, heavy duty all-steel blades
- Replaceable steel wear-bar on each blade
- Raise or lower electrically with standard tractor lift
- With three gauge shoes for maintaining height adjustment
- Requires **AP56** implement mounting bracket

SNOW CAB AG55 — Fits E20, E15, E12

- AG54 fits E10, E8
- Simple and rugged steel construction for strength and ease of assembly
- Large safety-glass windshield. Electric windshield wiper on AG55.
- Snap-in nylon reinforced curtains with vinyl windows for winter
- Easy entry into cab with large doorway
- A convenient pocket flap opening allows easy access to operate snow thrower or dozer blade controls
- AG55 can be adapted to fit E12M

G E ELEC-TRAK ACCESSORIES (CONT.)

LAWN SWEEPER AS31

- Fits all models
- Can be electrified for superior sweeping with constant-speed drive using conversion kits **KS31** and **KS32** (for E20, E15, E12, E12M, E10M)
- 31" sweeper brush sweeps an area wider than the *discharge width* of the 42" ELEC-TRAK rear discharge mower
- Convenient dump-to-rear and brush height adjustment from the driver's seat
- Light-duty dethatching possible with powered sweeper

DUMP CART AF12

- Fits all models
- Large 12-cubic foot 1000-lb capacity (4' x 3' x 1')
- All steel 6-gauge body with full-length 14-gauge bottom reinforcing channels. Reinforced corner angles and formed top
- Removable rear tail gate slides between reinforced channels
- Stake pockets for adding side extensions
- Spring-loaded trip latch for dumping locks itself. Can be operated from driver's seat by adding rope
- Pneumatic 4:30 x 8 tubeless tires
- Heavy-duty axle with fittings for lubricating wheel bearings

SLEEVE HITCH AP50

- Fits E20, E15, E12
- Takes all implements built to industry standard for sleeve hitches
- Easy to attach with two bolts
- Can be used with electric or manual rear lift (**AP59**, **AP58**)

HITCH ADAPTER CH10

- Fits E20, E15, E12, E12M
- A variety of hitches or balls can be attached or easily installed
- Hitches mount in rear stabber openings

G E ELEC-TRAK ACCESSORIES (CONT.)

FRONT PLATFORM LIFT BL36

- Fits E20, E15, E12
- Rests flat on ground and tilts as it lifts to hold objects secure
- Platform mounts on front of tractor with **AP56** bracket
- May be raised and lowered with standard electric lift
- Designed for transporting up to 250 lbs — move shrubs, fertilizer, garbage cans, etc.

POWERED ROTARY BROOM

- Fits E20, E15, E12
- 4-ft. rotary broom ideal for clearing debris, gravel, leaves or light snow
- Powered by separate 36-volt electric motor, GE motor kit **KM10** (same as snow thrower — interchangeable)
- Perfect for outdoor skating rink maintenance

VACUUM AND CART CV70
(Turf or Hard Surfaces)

- For E20, E15, E12, E12M
- Ideal for turf and grounds vacuuming
- Anti-scalp design prevents digging or scraping turf
- 30" nozzle opening adjustable from the tractor seat
- 20-bu bagging capacity with extra large opening for dumping
- Vacuum cart usable by itself as a trailing cart (20" x 40" x 8")
- Optional 6" hose kit available for hand cleaning (From Ecology Products, Tariffville, Conn. 06081)
- Adjustable nozzle height with rubber skirts for good ground contact
- Hitch-yoke assembly allows good ground following and ease of backing entire vac/cart
- (Over-all size vac/cart) 47" high, 32" wide, 80" long

VACUUM (Hard Surfaces) CV60

- For E20, E15, E12, E12M
- Quiet, powerful, electrically operated vacuum plugs into and trails behind ELEC-TRAK tractor or operates on optional cord for hard-to-get-at areas
- 30" adjustable nozzle opening for large papers or fine sand
- Clean disposal of collected debris with 2.6-bu throw-away plastic bags
- Optional 6" hose kit available for hand cleaning (From Ecology Products, Tariffville, Conn. 06081)
- Requires heavy-duty extension cord for push operation (not included)
- Bag contained in sturdy snap-on-and-off container
- Three section upper vent bag allows maximum air release
- Center discharge deposits waste into bucket evenly
- Two large pneumatic wheels for easy maneuvering

LINDSAY BROS. CO.

G E ELEC-TRAK ACCESSORIES (CONT.)

FRONT IMPLEMENT MOUNTING BRACKET AP56

- Fits E20, E15, E12
- To be used with dozer blade, V-plow, snow thrower, and front platform lift
- Easily slides into front stabber and locks on with front clevis pins
- Model **AP55** fits E12M
- Model **AP54** fits E10M, E8M

WEIGHT/TOOL BOX AP85

- Fits E20, E15, E12, E12M
- Weight box locks into rear or front stabbers (for snow throwers or tillers)
- Will hold 200 lbs of ballast (5 standard 4" concrete blocks at 40 lbs) or carry tools, accessories
- **AP86** for E10M, E8M

TIRE CHAINS

- Chains for 8:50 x 12 tires, 2-link **AP65** fits E12, E12M
- Chains for 9:50/10:50 x 12 tires, 2-link **AP68** fits E20, E15
- Chains for 10:50 x 8 tires, 2-link **AP64** fits E10M
- Chains for 8:50 x 8 tires, 2-link **AP63** fits E8M

MANUAL REAR LIFT AP58

- Fits E20, E15, E12, E12M
- Has 7-to-1 mechanical advantage — lifts sleeve hitch and tools
- Fits easily into rear stabber
- Designed for easy attachment to **AP50** sleeve hitch (shown above)
- Lift can be set at four different height adjustments

ELECTRIC REAR LIFT AP59

- Fits E20, E15, E12, E12M
- Quickly mounts into rear stabber
- Plugs electrically into its own outlet
- A flick of the switch lifts or lowers attachments
- Can be used with all sleeve hitch attachments, and other attachments requiring rear lift

G E ELEC-TRAK ACCESSORIES (CONT.)

ELECTRIC HORN AP69

- Fits E20, E15, E12, E12M
- 12-volt electric horn
- Easy to operate with large push-type horn button
- The kit is complete for hook-up and installation
- Provides easily heard signal to warn bystanders or gain attention

RADIO BRACKET AP75

- Fits E20, E15, E12, E12M
- Easy on and off with 2 bolts
- Designed to fit GE radio P4920 or radios up to 8-1/2" wide and 2-1/4" deep. (Minimum radio height 4")
- Radio slides easily under stretch cord
- Enjoy good listening with quiet ELEC-TRAK tractor operation

REAR TAIL LIGHT KIT AP70

- Fits E20, E15, E12, E12M
- Double-lamp bright rear tail light
- Complete with all mounting hardware and wire
- Operates with headlights from the tractor light switch

HEADLIGHT KIT AP71

- Fits E10M, E8M
- Mounts in grill
- 2 sealed-beam units
- Complete with switch and wire

PTO KIT KD10

- Fits E10M
- Permits use of **AD36** snow thrower and **AP90** welder

ELECTRIC CHAIN SAW HS13

- Plugs into E20, E15, E12, E12M, E10M (optional outlet E8M)
- Light weight
- Fast high-speed cuts with Oregon Chain
- Instant on and off with trigger-type switch
- 13" bar will double-cut up to 26" logs
- Plunger-type oiler forces oil into chain while cutting
- Complete with 20-foot cord and plug
- Quiet enough for inside work — fire-wood preparation, etc.
- Use with **AF12** dump cart provides mobile cut-and-haul capability

G E ELEC-TRAK ACCESSORIES (CONT.)

POWER HANDLE TM3

- Plugs into E20, E15, E12, E12M, E10M (optional outlet E8M)
- 36-volt power unit
- Takes drill, grass trimmer, and hedge trimmer heads

DRILL HEAD TH20

- TH20 drill head — takes up to 1/4" drills (fits TM3 above)

LAWN EDGER/TRIMMER HE06

- Plugs into E20, E15, E12, E12M, E10M (optional outlet E8M)
- Use for edging or lawn trimmer
- Extra front wheel provides smooth edging
- A rear guard helps protect the operator
- Has a built-in anti-scrape guard for trimming
- A light 8-1/2-lbs makes long usage easy
- Requires extension cord HT25

GRASS TRIMMER HEAD TH80

- Ideal for cutting around trees, rocks, along stone walls, under fences
- Has built-in clutch which will slip to prevent damage to the mechanism should hard objects get into blades
- Fits GE TM3 power handle

SMALL ACCESSORY OUTLET KIT AP41

- Converts E8M for portable tool hookup
- Use all 36-volt ELEC-TRAK hand tools
- Complete kit and instructions

HEDGE TRIMMER HEAD TH70

- Double-edge 15" steel blades with reciprocating motion
- Helper handle makes it easy to use in horizontal or vertical positions
- Fits GE TM3 power handle

WEEDER/CULTIVATOR HC05

- Plugs into E20, E15, E12, E12M, E10M (optional outlet E8M)
- Makes weeding, cultivating, or digging a garden easy
- Tills an area 5" wide, can dig down to 6" depth
- Easy to operate with trigger switch, and only weighs 9 lbs.
- A long handle lets you stand up and keep clean
- Requires extension cord HT25
